All of our mascot suits are generic costumes and are NOT AFFILIATED, LICENSED OR ASSOCIATED WITH ANY CORPORATION OR TRADEMARK, and are not marketed as such. It is not the intention of Party Pax to violate any copyright laws. We can only accept bookings from individuals who are aware that we DO NOT represent any licensed character. Any resemblance to nationally known copyrighted characters is unintentional and incidental. If you are requiring a licensed, copyrighted character for your event you should contact the company/copyright holders.

Characters come to life with our high-quality mascot costumes. You save big bucks by renting our costume and providing your own talent. No true talent required, simply have your mascot hand out balloons or dance with the children while you soak in smiles & click your camera! Have them play Simon Says, do the Hokey Pokey, create a Conga Line, and pose with each child for a photo to send along with your thank you notes.

Please email to get more information on the following costumes that are available as rentals:
